### **Here's what a few parents had to say:**

"Two years ago I was looking for a program that would help my daughter improve her basketball skills and foster her love of the game. We were lucky to find CBA. The balance between hard work, skills and competition and fun, teamwork and dedication is perfect. My daughter has improved her game immensely and has made some wonderful friendships as well. If you want a program that will help your daughter become a stronger, more passionate basketball player- join CBA. It is amazing!" - Allyx S. Parent of 9<sup>th</sup> Grade Player, New Haven

"For several seasons now CBA and all of the experiences that are part of this great program have been incredibly rewarding for my daughter. CBA programs offer advanced coaching and develop skill sets we just weren't finding at the standard scholastic level. It's been all positive and has created relationships with other players/parents who want their child to play at an advanced level. I highly recommend CBA." - Tony T. Parent of 7<sup>th</sup> Grade Player, Branford

"CBA is a great basketball program for girls all ages. It is an excellent learning experience and lot of fun. What is even more interesting throughout the year they offer strength and fitness programs. The girls have a chance to make new friends from different towns, meet different coaches and players such as former UCONN and Quinnipiac players. My daughter never wants to miss any practices or games, because they are never boring."  
- Marta N. Parent of 9<sup>th</sup> Grade Player, Madison
